**SIAMO GENTE DAL SORRISO FACILE!
WE ARE EASY SMILE PEOPLE**

WHO WE ARE?

FOR MORE THAN 20 YEARS, WE ENTERTAIN AND AMUSE

We are a touristic and event entertainment agency, constantly looking for young talent to train and enrich our multicultural team of entertainers. The exclusive product we offer is the result of a tailor-made design for each individual client: we listen, plan and realise events for the world's best tourist facilities. We call ourselves an example of professionalism, creativity and pure entertainment.

RECRUITING ENTERTAINERS ALL YEAR ROUND AND ALL OVER THE WORLD

We select young people from the Netherlands through castings, schools and internships.

Since 2001, we have been recruiting in Germany for facilities that have relied on us for a punctual and foreign language service.

The entertainment staff will ensure a suitable and accessible programme for all guests, with the inclusion of mother-tongue entertainers.

INNOVATION & TAYLOR MADE

THE ANIMATION PACKAGE FOR YOU

There is no such thing as standard entertainment; for us, every event we organise is exclusive and customised to suit the needs of the venue.

All we need to know is what your guests' expectations are. We are professionals with a great talent for designing tailor-made entertainment for you.

Entertainment at the beach and in the mountains, indoors and outdoors, for adults and children, fun and sports, theatre and music... there are no limits.

We are trained for every occasion and every animation. What we propose is a unique and innovative custom-made animation product.

We work in synergy to achieve a common goal: to make people experience unforgettable moments.

SPORT & FUN

SPORT THAT IS NEVER COMPETITIVE AND OPEN TO ALL, WITH GROUP COURSES AND TOURNAMENTS THROUGHOUT THE DAY

Sport has the ability to involve the group
in a natural and unprejudiced way,
stimulating the enjoyment of the individual;

thus, becoming a vehicle for socialisation,
mainly in group games but also in collective
courses such as:

ARCHERY, TENNIS, FOOTBALL
and many more...

Just play, have fun, enjoy the game!!! M.J.

A CHILD-FRIENDLY HOLIDAY

We present our special programmes for our children. Labs, special events, themed parties are our Highlights: Kitchen school, all ready to knead, combine colours and flavours, and cook together. At the School of Science for young geniuses, simple and fascinating experiments in physics and chemistry alternate with lessons and art and performance rehearsals at the Dance Academy, while sports enthusiasts can train while having fun at the Football Academy. These are some of the elements of the daily programme of our mini-clubs.

WE DESIGN AND PRODUCE FITTINGS FOR MINI CLUBS AND MASCOTS

Our Mascot is made both as a wearable costume and as a plush toy. We are ready to realise gadgets and corporate promotionals for all types of establishments and also the realisation of your Mascot.

SPECIAL EVENTS

ACTIVITIES AND EMOTIONS

In the MINI CLUB - JUNIOR CLUB activities, daily LAB'S and EVENTS dedicated to the youngest guests will be organised, supported by materials created with dedicated sets and costumes.
