A young girl with long blonde hair in a ponytail, wearing a dark blue swimsuit with white polka dots, and a young boy with short brown hair, wearing red swim trunks, are sitting on a large grey rock by the edge of a swimming pool. They are both looking away from the camera towards the pool. The girl is holding the string of three balloons: one white, one pink, and one yellow. The background shows a swimming pool with a diving board, some lounge chairs, and a row of white buildings with blue accents, all slightly out of focus. The sky is bright and the overall atmosphere is warm and sunny.

Did you know?

The range of all pools of Terme Čatež is longer than the height of Triglav (2864 m) – the highest Slovenian mountain.

We are one of 14 natural Slovenian spas, but we represent almost a quarter of all overnight stays.

We have recorded 1 million entries on the Thermal Riviera in a year.
