Are you a professional in the Engineering or ICT field who is currently based in Portugal?

Have you ever thought about Belgium, Flanders as a career destination?

Join us at the online and onsite Work In Flanders 2017 - Lisbon on 18 & 19 October 2017.

Flanders, one of the 3 regions of Belgium, is part of one of the most dynamic economic areas in Central Europe. This an opportunity for you to meet and make contact with Flemish employers in the Engineering & ICT sectors and gain some more insight into living and working in Belgium in general and Flanders in particular.

From the end of August you'll be able to take a look at companies participating in the event, screen through vacancies
