

Welder – ironworker (m/f/x)

DEERLIJK DIVISION

Verhelst's Deerlijk Site is looking for a welder/ironworker. Do you have welding experience? Are you on the lookout for a full-time, daytime job as a welder or ironworker in the Deerlijk area at a growing, but stable construction company? If so, you're the potential welder/ironworker we've been looking for to reinforce Verhelst.

IS YOUR PROFILE A MATCH?

Your job as a welder/ironworker includes:

- Building the correct mesh reinforcement based on a production plan
- Semi-automatic welding as your main activity
- Based on the reinforcement plan, you'll equip the formwork with reinforcement.
- Drawing up minor reinforcement specifications

In short, as a Verhelst welder or ironworker, you'll have a dynamic range of tasks that includes more than just welding.

WHO WE ARE LOOKING FOR

- You have comprehensive expertise in reading plans (blueprints, white prints, etc.).
- You can weld. Ability to work with an automatic stirrup bender is considered a bonus.
- You are eager to work, quality-conscious, precise, orderly, and punctual.
- You follow safety protocols and work well in a team.
- You have a good eye for detail.
- You're interested in a full-time job during the day and can travel independently (the Deerlijk site is not accessible by public transport).

OUR 'RAW MATERIALS' FOR JOB SATISFACTION

- Excellent salary based on the Joint Council for the Engineering Construction Industry (*paritair comité van de bouw*) with all the associated fringe benefits + a staff discount in our construction shops
- Upon signing on, you'll benefit from extensive on-the-job training, plus long-term training opportunities at Verhelst.
- You get a full-time day job, working Monday through Friday.
- What's more, you also benefit from the sector's legally stipulated annual construction leave.
