Bewerbung auf Ihre Anzeige „Chemieingenieure gesucht“

Sehr geehrter Herr Fischer,

ich beziehe mich auf Ihr Stellenangebot in der EURES-Datenbank. Gern würde ich als Chemieingenieur in Ihrem weltbekannten Unternehmen einsteigen. Mit mir werden Sie einen motivierten Fachmann mit vielseitigen Kompetenzen sowie sehr guten Englisch- und Spanischkenntnissen gewinnen.

Momentan bin ich beim spanischen Handelsministerium als Handels- und Investitionsberater beschäftigt. Einen weiteren Schwerpunkt meiner Arbeit bildet die Beratung über aktuelle Umweltrichtlinien. Dabei setze ich meine umfassenden Kenntnisse im Bereich der industriellen Chemieprozesse ein.

Die Herausforderung, im internationalen Umfeld zu arbeiten, reizt mich sehr. Ein Semester meines Studiums habe ich in München absolviert, dadurch habe ich wichtige interkulturelle Erfahrungen sammeln können. Der Umgang mit speziellen EDV-Programmen ist mir ebenso vertraut, wie das Arbeiten mit MS-Office. Da ich hohe Lernbereitschaft mitbringe, kann ich mir fehlende Fach- und Sprachkenntnisse schnell aneignen. Ich könnte zum 01. November 2012 bei Ihnen anfangen.

Über eine Einladung zu einem persönlichen Gespräch würde ich mich freuen. Vom 20. bis zum 22. Oktober werde ich in Deutschland sein und könnte bei Ihnen vorbei kommen, falls Interesse Ihrerseits besteht.

Mit freundlichem Gruß

Fernando Flores Hernandez
