

Civils Supervisor

About entegro

Entegro is at the forefront of Telecommunications technology, designing and deploying gigabit networks for future generations. We are proud to be industry leaders, working with communities, industry and service providers, to empower and connect people, homes and businesses, in urban and rural areas.

Echoing our values, *clients* are at the heart of what we do both locally and internationally. They know they can depend on our expertise, experience, *innovation* and standard of service. With this our ambition is to build strong long-term client partnerships, where entegro are a partner of choice, where we are *trusted* and understand our clients KPIs. Our aim is to consistently deliver on *quality*, quantities and programmes every time.

Overview

We are currently seeking a Civils Supervisor to join our expanding team and help to take us to the next level. The successful candidate will have the opportunity to grow and develop this account to fit the ambitious growth plans of the company.

Based in our Dublin operation centers, the successful candidate has responsibility for overseeing works undertaken by several civil field crews, ensuring works are carried out safely and efficiently.

The role

This role will suit an experienced professional, capable of working in a dynamic environment. You will be responsible for the supervision of day-to-day telecoms civils works. The person will be experienced & suitably qualified to work

Responsibilities

- Directly reporting to the Civils Manager, you will ensure that all civils works are delivered to the required safety, time, and quality standards.
- Liaising internal and external stakeholders, including Local Authorities, Community Bodies etc
- Experienced in carrying out inspections/ auditing field operatives in safety procedures, specification and legislative compliance and performance Lead an effective team, ensuring that resource is fully utilised, and any contact demand is effectively covered
- Monitors individual employee & contractor performance on an ongoing basis.
- Proactively isolating and identify areas of improvement – driving resolve.
- Issue daily site reports to clients and entegro management.
- Sign-off on completed works ensuring works are carried out to purple book standard
- Feedback accurate site measurements of completed works
- Ensure that sites align to the programme agreed with the client and entegro.

Key skills and experience:

Essential

- 3+ years in a similar position
- Must have previous experience of telecom civils works
- Expert experience in telecoms civils to purple book standards.
- Road Opening & Reinstatement Advanced certified with experience on the MRL system – advantageous
