## Job vacancy

### Country Manager in Spain

**Number of available position:** 1

**General information:**

Location: Italy

*Definitive place of work: Barcelona (Spain)*

Form of employment: full time

Type of contract: permanent

Wage gross per year in euro: 45.000 - 55.000 euro + variable linked to% of turnover produced in Spain

**Employer description**

Dazetechnology was born from the passion, interest and enthusiasm for everything related to sustainable mobility. DazeTechnology S.r.l. was founded by two mechanical engineers Andrea Daminelli and Giacomo Zenoni in August 2016. Since then, innovative ideas and cutting-edge projects have led Dazetechnology to hold a fundamental place in the panorama of electric mobility.

Making daily electric vehicle charging comfortable, simple and smart. From the very beginning, the company's mission was to solve the problems of manual charging of electric vehicles, contributing to their diffusion and improvement of the world in which we live.

**Job description**

Contribute to the growth of the Dazetechnology team, supporting the Technical department. You will follow the development and design of new products and changes and/or customizations on existing products.

*Definitive place of work: Barcelona (Spain)*

After a few months training period in Italy, as Country Manager, this role will lead growth and innovation across Spain to ensure long term success of DAZE in the market.

This will include:

- ensure execution of new growth projects, including but not limited to: geographical expansion and production of new electric charge systems.
- Evolve and protect operating model, to mitigate tax and legal challenges, and maximize growth through model changes

On top of that, the Country Manager will be an integral part of the Spanish Leadership Team and has the ability to contribute to all areas of the business.

**What You'll Do**

- Define and evolve growth/innovation strategy for Spain
- Lead cross-functional teams to ensure projects are successful

With the support from  
the European Union Programme  
EaSI 2014-2020
