

Are you looking for a new challenge and want to be part of an innovative industry that makes a significant contribution to minimize Europe's carbon emissions and to ensure a cleaner future for everyone?

We are remodelling & retrofitting Irish Homes with sustainable, secure, affordable and clean energy upgrades to achieve energy efficiency targets. With modern technology and high-tech materials we are leading Ireland's construction industry into a better, greener future.

Located in the beautiful south-west Corks our team has a combined construction experience of more than 100 Years. We understand the needs of our clients and their properties, from 100-year-old Irish cottages to new dwellings: We are delivering optimal insulation solutions.

INSULEX stands for:

**I**nnovation – advanced energy upgrade solutions for your home

**N**ext level – taking building standards to a higher level

**S**ervice – providing high quality services for everyone

**U**nderstanding the industrial and customer needs

**L**eadership – Leading Insulation Installers

**EX**ceeding Expectations – we go above and beyond the call of duty

We are expanding our insulation teams, looking for:
