

Truck Driver CE (company transportation)

Railtechniek van Herwijnen B.V. is one of the market leaders in the development, manufacturing and installation of overhead and floor conveyor systems. 70% of our projects are for international customers, for example Scania, Audi, Cannondale, Gazelle and Palfinger, at various locations throughout Europe.

Currently we are looking for a Truck Driver CE. In this position you will have access to a truck, and you will be responsible for transporting materials and parts of our conveyor constructions to various office locations of the Railtechniek van Herwijnen Group and project locations in the Netherlands and various countries within the EU. At these locations you help colleagues and customers with the (un)loading of the cargo using a forklift.

Job requirements:

- You are in possession of a valid CE driving license.
- You are in possession of a code 95 and driver card.
- You are in possession of a forklift truck certificate*.
- You are prepared to work abroad frequently.
- Effective English reading and communication skills (Knowledge of the Dutch, German or French language is an advantage).

* Or are willing to obtain this at the expense of Railtechniek van Herwijnen B.V.

What do we offer you?

- A competitive market conform salary and secondary benefits, conform the Dutch CAO Metaalbewerking scale B/3 – F/7.
- Being able to work overtime, also during weekends.
- In addition to your basic salary, you will be paid overtime and allowances in accordance to the collective labor agreement.
- The company can arrange accommodation near the workplace.

You can apply by sending you resume to: jobs@railtechniek.nl
