### EURES in a nutshell

#### Free, Multilingual, Human Network

Launched in 1994, EURES is a European cooperation network of employment services, designed to facilitate the free movement of workers. The network has always worked hard to ensure that European citizens can benefit from the same opportunities, despite language barriers, cultural differences, bureaucratic challenges, diverse employment laws and a lack of recognition of educational certificates across Europe.

# Drop'pin:

the place to share opportunities for young people in Europe

It is a web platform for young people to offer job and training opportunities.

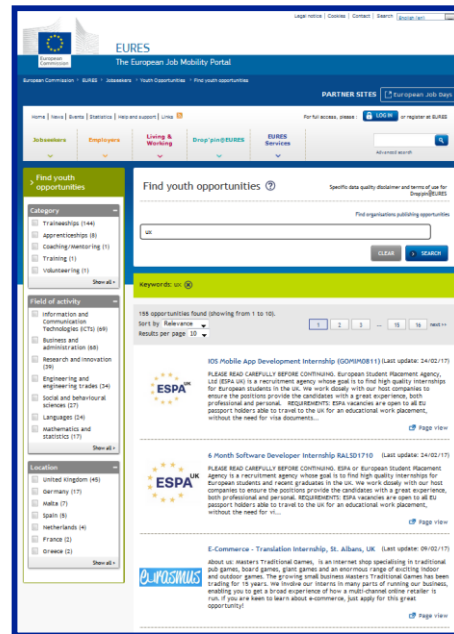

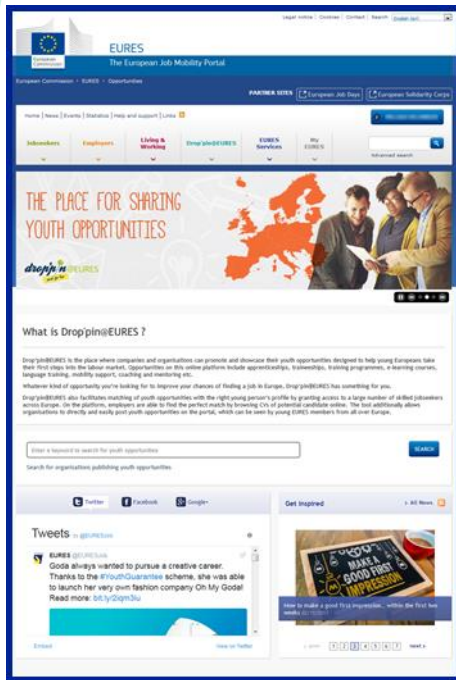

Drop'pin operates on two levels:

- As a showcase to offer young people opportunities for learning and vocational training
- As a meeting place for organizations.

# Drop'pin@EURES

Drop'pin@EURES gives organisations the **possibility to develop and promote their youth-oriented opportunities** to a ready and willing pool of young people from across Europe. This could be either as part of a corporate social responsibility (CSR) plan or with a view to attracting and nurturing potential candidates.

Drop'pin@EURES' main objective is to **help young people boost their employability and skills by connecting them with specific opportunities** across Europe offered directly on this platform by organisations, including corporations, SMEs and NGOs.

## What is Drop'pin@EURES ?

Drop'pin@EURES is the place where companies and organisations can promote and showcase their youth opportunities designed to help young Europeans take their first steps into the labour market. Opportunities on this online platform include apprenticeships, traineeships, training programmes, e-learning courses, language training, mobility support, coaching and mentoring etc.

Whatever kind of opportunity you're looking for to improve your chances of finding a job in Europe, Drop'pin@EURES has something for you.

Drop'pin@EURES also facilitates matching of youth opportunities with the right young person's profile by granting access to a large number of skilled jobseekers across Europe. On the platform, employers are able to find the perfect match by browsing CVs of potential candidate online. The tool additionally allows organisations to directly and easily post youth opportunities on the portal, which can be seen by young EURES members from all over Europe.

What can EURES do for you?

The Public Employment Services (PESs) of the European Union/European Economic Area provide services through a network of more than 5 000 local employment offices with more than 100.000 staff offering services to job-seekers and employers.

While PESs are structured differently in each country, all share the same basic task of contributing towards matching supply and demand on the labour market through the provision of information, placement and active support services.

**Mission:**

- Public Employment Services offer easy access to the labour market at local, national and European level to all job-seekers, employers and companies specialising in staff recruitment. To this end, they provide comprehensive and detailed information on available jobs and job-seekers, and on related matters of interest. They also offer a wide range of active services to assist in job searches and staff recruitment.

- Where sufficient vacancies are not available for every unemployed job-seeker to find employment immediately, and/or where job-seekers' skills do not fit in with market demand, or where other problems make finding a job difficult, PESs offer access to more comprehensive services to meet individual needs. They ensure that no job-seeker is marginalised by a lack of adequate assistance to find suitable employment, and job-seekers for their part are also encouraged to demonstrate sufficient and verifiable efforts to find employment.

- Enterprises are offered a range of quality services mediating between their needs and labour market conditions. By providing these services to enterprises, PESs also enter into partnership with employers to achieve the economic and social objectives of integrating workers into the labour market.

**Partners in EURES:**

Public employment services actively collaborate at European level to improve their services. They are partners in EURES in order to facilitate mobility across national borders on the European labour market and, as such, are key contributors to this European Job Mobility Portal.

## More about this event

"International Career & Employers' Day" è un evento nazionale di **recruiting online** organizzato da EURES ITALIA, che si svolgerà nell'arco di due giornate: il primo giorno dedicato alle **persone in cerca di lavoro** (jobseekers) e il secondo dai **datori di lavoro** (employers). In entrambe le giornate (**dalle 10.00 alle 18.00**) sarà possibile consultare le offerte di lavoro nazionali ed europee, inviare la propria candidatura, sostenere colloqui di lavoro con le aziende, comunicare in chat con i Consulenti EURES e le aziende. L'"International Career & Employers' Day" ospita l'International Career Day di Genova, nell'ambito del Salone Orientamenti 2020.

• La giornata dedicata alle **persone in cerca di lavoro** ha, inoltre, l'obiettivo di informare sulle opportunità e sui servizi offerti dalla rete EURES, sui progetti europei di mobilità (YFE), ecc.), sull'auto-imprenditorialità e sui programmi per i Giovani (ad esempio Garanzia Giovani).

Il programma degli interventi dedicati ai jobseekers si inserisce nell'ambito dell'**European Vocational Skills Week** e ha l'obiettivo di informare sull'"Agenda per le competenze per l'Europa sulla competitività sostenibile, l'equità sociale e la resilienza" e supportare i giovani nel processo transizione dalla scuola al lavoro. Nel corso della giornata si svolgeranno, quindi, anche **workshop** informativi sull'orientamento professionale, l'accompagnamento al lavoro, le opportunità formative e di riqualificazione e le nuove potenzialità di

## What you should consider in your mobility project

- Identify the country where you want to live and work
- Research the legislation and conditions of your destination country
- Create your own adapting plan
- Check what stands out in terms of culture in the host country
- Build language skills
- Get well informed on the country's taxation system
- Ensure that the qualification or profession is recognised in the destination country
- Verify the procedures necessary for the recognition of qualifications
- Compare the cost of living – how far will your salary go
- Save some additional money (you will need it before you get your salary) paid
- Get a moment for self reflection (thoughts, goals, motivations, eventual frustrations)

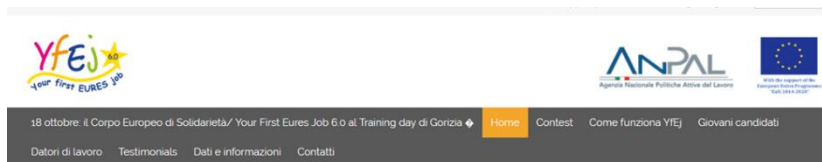

# Tools of Help

- EURES portal (CV registration - job opportunities search, by country, by keyword)
- Check the Public Employment Services website to ensure you have the rights and obligations of job seekers - they may vary from country to country
- Register with the Public Employment Services
- Search job search sites
- Contact a EURES Advisor
- Creating a successful CV
