

Rekrutteringskompagniet in Denmark is looking for two stable and trained truck mechanics who want to work and live in Greenland!

YOUR TASKS WITH US:

You troubleshoot and repair mainly on trucks.

You participate in the daily service and in the maintenance of our vehicles.

You are responsible for repairing both major and minor damages.

You arrange spare parts for your work tasks in collaboration with our warehouse employees.

You participate in the conversion of and service on special vehicles.

You work well and dynamically with our many skilled mechanics.

You are maybe Truck driver with a crane certificate?

WHAT WE EXPECT FROM YOU AS A PERSON:

You are independent and can plan your own working day.

You solve tasks stably and conscientiously.

You enjoy having many balls in the air at the same time.

You want to make a difference every day at work.

You are flexible and can help if your colleagues need your skills and help.

You work in a structured way and understand the importance of meeting deadlines.

You are flexible and willing to work shifts with different working hours, which, however, are determined according to a specific shift schedule.

WHAT WE EXPECT FROM YOU PROFESSIONALLY:

You are a trained truck mechanic, construction machine mechanic, tractor mechanic, car mechanic or similar.

You have good experience of repairing and maintaining heavy machinery.

You have experience in troubleshooting and repairing complicated electrical and hydraulic systems.

You work easily with troubleshooting through PC-based troubleshooting programs.

You know the use of IT and mobile apps for registration: time consumption, spare parts, tasks, etc.

You can read and understand technical manuals, mainly in Danish, sometimes also in English.

WE OFFER:

A job in an informal environment, with the opportunity to influence and good colleagues.

An attractive salary and pension system is offered depending on qualifications and experience.

We attach great importance to training our employees so that they are constantly updated with the latest equipment and are ready for new repair methods.

We pay for travel to Greenland and help find housing.

Employment by agreement.

Trial period of 12 weeks, where we provide accommodation and pay return travel.
